JAYCEE DINNER HONORS FIRE CHIEF PIMENTAL

For the completion of 20 years of outstanding service to this city, Fire Chief Fred Pimental was honored at a testimonial dinner by the Albany Junior Chamber of Commerce on Wednesday night at Cook's Dinners. Present in addition to Mayor Lawrence Williams and Police Chief Stanley Williams were 15 fire chiefs from nearby cities.

Master of ceremonies Herb Foley presented the Chief with a pen and pencil set as a token of the high esteem in which he is held in the community and Joe Villa, local merchant, gave him a cigarette lighter.

Pimental joined the department on Feb. 1, 1928 and in two years was promoted to Captain. He received his appointment as Chief upon the death of John T. Riley, on Sept. 20, 1944. Recognizing that fire safety is a highly skilled profession, Pimental inaugurated a program of intensive training for the men in his department. He has built for Albany an enviable record of minimum fire losses. His strict enforcement of fire ordinances and adherance to uniform building codes has assured a greater degree of safety for this city.

In addition to his affiliation with the local Rotary, Eagles and Maccabee clubs, he is a member of national and international fire protection associations and is Vice-President of the Alameda County Firemen's Association. He lives at 707 Pomona Ave. with his wife, Emma, and Daughter, Lavern.

Albany's Fire Chief Fred Pimental was honored at a Junior Chamber of Commerce dinner Wednesday night for 20 years service to this city.

New Police Uniforms

BERKELEY GAZETTE

Not to be outdone by the women, Albany police officers this week donned a "new look" in uniforms when they came out on Feb. 1 with the above snappy looking garb. Chief Stanley Williams, center, and Officer Emil Zugoni, Jr., right, consign to limbo the 20-year-old styles formerly worn while Sergeant Robert Turley looks on. Pants and caps of the new outfits are beige colored with the short eisenhower jackets of forest green. Shirts will remain khaki and ties black. Williams praised the new uniforms as not only smart in appearance but offering greater pocket space and easier access to belt equipment.

By the time he was 15, Byron was an NBC symphony soloist and has since made an enviable reputation as a concert pianist on three national tours.

While in Albany Janis will be the house guest of Richard Bowman, son of Mr. and Mrs. William J. Bowman of 958 Cragmont Ave.

MORGAN'S MEANDERINGS

By M. S. T.

It's out of the frying pan and into the fire-house (to "corn" a phrase) for used kitchen fats since the drive by girl scouts of the Albany - Berkeley - Kensington area started. Housewives are asked to save their used fats and take them to the fire house where a container has been provided for the collection. Money from the drive will go toward the purchase and development of a camp for girl scouts of this area.

Dance addicts are warned to get in practice for the second annual dance of the Police and Fire Civil Service Club. The best dancers in the waltz and other popular steps will get prizes for their trepsicorian accomplishments at the big shindig on March 12.

The ladies are well represented on the Cornell School Junior Police force. Appointed this week by Principal Milton Gordon was Martha Deas to serve as quartermaster, or should we say quartermistress? She will work with Captain Kenneth Parker and Lieutenant Don Cowles.

Friends of Adolph Sbragia, captain in the transport service, gave him a rousing sendoff as he leaves for 18 months service in Arabia. Louis Torchio, George Hein, Tony Gatto and many more of Sbragia's friends joined to give him a big spread at George's on Solano Ave. Thursday night. With free food on the tables and good cheer for all, half of Albany dropped in to wish Adolph bon voyage. He is the son of Mr. and Mrs. A Sbragia of 1245 Washington Street.

We miss looking out the window and seeing Joe Vercelli at his gas station across the street from the Times. Joe is now at his home, 1041 Santa Fe, after an operation at a San Francisco hospital and expects to be back on the job in about two weeks.

New Evening Classes Proving Popular

It would have been a sight to see the twelve men from the Saint Alban's Men's Club out a few days ago planting the basic shrubbery and conditioning the soil around the new parish house. Under the direction of Ray Kulpakko, landscape gardener, these men really went to town. (Now they know what to do at home!)

SAVE ELECTRICITY

THE DROUGHT HAS BROUGHT AN EMERGENCY IN THE STATE'S POWER SUPPLY! WE ARE COMPELLED TO ASK OUR CUSTOMERS TO CURTAIL THE USE OF ELECTRICITY IN THEIR BUSINESS ESTABLISHMENTS, ON THEIR FARMS AND IN THEIR FACTORIES.

HERE'S HOW YOU CAN HELP

IF YOU RUN A COMMERCIAL ESTABLISHMENT:

1. Turn off all window lights and electric signs.
2. Use no exterior or interior floodlighting.
3. Use electric power elsewhere only when necessary.

IF YOU RUN A FACTORY:

1. Curtail power consumption wherever you can.
2. Avoid use of electricity between the hours of 4 and 8 p. m., the peak load hours, shifting operations to other hours wherever possible.
3. Check your factory and offices to eliminate all waste of electric power.

IF YOU ARE AT HOME:

1. Light no unused rooms.
2. Use appliances for as short periods as possible.

IF YOU ARE A FARMER:

1. Shut down your pumping plants wherever possible between 4 and 8 p. m., shifting your irrigation schedule to other hours of day or night.
2. Use electrically-powered equipment only when absolutely necessary.

BECAUSE of the record drought there is an abnormal irrigation pumping load in the rural areas. In Northern and Central California this unseasonable demand for electricity now approximates 200,000 horsepower and comes at a time when under normal conditions our system load would be decreasing. The situation in the valleys would, of course, be relieved by heavy rain. Until such relief comes we must ask our customers to curtail their use of electricity in every possible way. Our customers can be assured that we have done and will continue to do everything possible to meet the problems brought about by the record drought.

EVERY KILOWATT HOUR YOU WILL SAVE WILL CONTRIBUTE TO THE GENERAL WELFARE

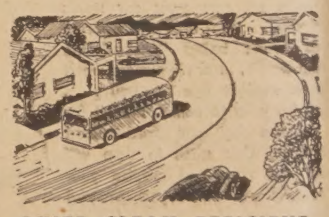
The Advantages of the MODERN MOTOR COACH for Public Transit

SAFE CURB SERVICE
Motor coaches move readily with the current of traffic or thread their way through it. Passengers get on or off *at the curb* instead of being forced to cross through fast-moving traffic.



QUIET, CLEAN, EFFICIENT
The modern motor coach is as quiet as your automobile, giving a more relaxing ride. Street cars increase the "noise level" of a city to a disturbingly high pitch. Careful maintenance keeps coaches clean.

SAFETY MAINTENANCE
Constant checks with the latest electronic equipment in modernly equipped shops keeps Keyliners at the peak of condition . . . safeguarding the lives of passengers, pedestrians and motorists.

OPEN THOROUGHFARES
By removal of rails and overhead wires appearance of the streets will be improved . . . traffic will flow more smoothly, faster and with less congestion . . . with no street cars to "hog" the center lanes.
